

Testimonial

Coach Rod has been teaching tennis lessons to my girls for many years and I can't say enough good things about him. He is excellent with kids and learns their strengths and weaknesses. His approach is with accuracy and enthusiasm on every single practice. Specifically, he prepared my oldest daughter for try outs for the Walton HS team and she made it, again thanks to him for his dedication and persistence. My girls have truly found a sport for life they really enjoy and want to excel in and without Coach Rod this would have never happened!
